PRESERVING A HERITAGE CRAFT

STICK MAKING COURSE

Make your own *country stick*

A two-day, hands-on course in a craft that's been handed down for generations. Straighten a shank, choose your handle, fix it and finish it — then **walk out with a stick you made yourself.**

From rough shank to *finished stick* in two days

No experience needed. You'll work at the bench with an experienced stick maker, using proper tools, and go home with a one-of-a-kind country stick.

1 Straighten your stick

Learn how to heat and set a natural shank so it runs true.

2

Choose your handle type

Look through the options and pick the handle style that suits you.

3

Fix handle to stick

Shape, fit and secure the joint the traditional way.

4

Finish and take home

Sand, seal and polish — your stick leaves with you at the end of the course.

EVERYTHING INCLUDED

Materials & equipment

Shanks, handles and full use of the workshop tools

Lunch & drinks

Morning coffee, lunch and drinks on both days

Insurance

You're covered on both days while you work
